ABSTRACT

This bibliography serves as a guide to the literature on urban and minority education that is accessible through the ERIC system. It brings together significant works on such topics as school integration, bilingual education, education of specific racial and ethnic groups, and problems of inner city schools, which were cited in the May through December 1976 issues of "Resources in Education". The citations which bear 1975 and 1976 publication dates update the bibliography published by the ERIC Clearinghouse on Urban Education covering the same topics in the January 1975 through April 1976 issues of "Resources in Education". ERIC Document (ED) identification numbers have been included at the end of each citation. A subject index by citation number and a statement on the availability of the cited materials follow the bibliography. (Author/AM)

This bibliography is meant to be a guide to the literature on urban and minority education accessible through the ERIC system, a national information storage and retrieval system for educational documentation. The citations which bear 1975 and 1976 publication dates update the bibliography published by the Clearinghouse covering the same topics in the January 1975 through April 1976 issues of *Resources in Education* (see Fahrer and Vivlio, *ERIC References on Urban and Minority Education*, July 1976, ED 128 492).
